

2010-2011 United Way Funded Programs

United Way of Greenville County remains committed to making sure all contributions are effectively and responsibly utilized. More than 130 dedicated United Way volunteers are investing donor contributions in local programs that are working in five focus areas to nurture children, help and encourage youth success, strengthen families and neighborhoods, improve our community's health, and assist people in crisis. Providing support to these programs is a fundamental part of a caring community.

Pending an annual assessment of progress toward achieving program objectives and the success of the annual campaign, the funding will be continued for three years, from July 1, 2010, through June 30, 2013. Funding amounts listed below do not include \$2.5 million in donor-designated gifts.

Nurturing CHILDREN: United Way funds continue to support early child care for at risk children; services, education and therapy for children with developmental differences and delays; and parenting, family literacy and early literacy programs.
