2021 BACKPACK PACKING EXPERIENCE

United Way Opportunity to Volunteer at Home

Host a School Backpack Packing Experience

Help Greenville County students start school with the tools they need to succeed by hosting your own school backpack packing experience! Rally your family, friends or neighbors, purchase supplies and fill backpacks from the comfort of your home.

Volunteering at Home is as easy as 1-2-3-4!

1. Set a goal for the number of completed backpacks you will provide. Determine the type of backpacks you'd like to assemble – elementary, middle or high school.
2. Purchase items from our school supply list and assemble supplies for each student by placing all items into the backpack. Label the backpacks by school level.
3. As you're filling backpacks with supplies: play music, serve snacks and let your family and friends know how much they are appreciated.
4. Bring your completed and labeled backpacks to the United Way office on Thursday, August 5 or Friday, August 6, between 10am – 2pm.

We want to ensure all students have the full list of essential supplies to be successful in school. Therefore, **only complete backpacks will be accepted**. No individual items please.
