WHY WE NEED YOU

Our community is growing rapidly and is recognized with many accolades, but that has not translated to improved conditions for marginalized and disconnected communities. High unemployment and poverty rates contribute to food and housing crises compounded by systems that keep people from reaching economic independence. Our team members serve in partner organizations to overcome barriers, improve access, and create vibrant and equitable communities.

BYE, SCHOOL DEBT. HELLO, HEALTH INSURANCE.

Members receive a \$6,495 education award at the end of the service year, matched by 180 colleges and universities, to use toward tuition or paying back existing student loans, plus these great benefits:

- Living Allowance — \$1,080 bi-weekly
- Health Insurance — including dental and vision
- Child Care Assistance
