

# SO, WHAT IS PROPEL GREENVILLE?

Propel Greenville is a six-week board training and executive leadership program that exposes participants to integral elements of board membership and effective board and committee service, preparing graduates to serve our community in a leadership role.

## 15 HOURS OF PROFESSIONAL DEVELOPMENT

Learn from the best and brightest in the industry. Participants will be educated by industry and community leaders on the nuts and bolts of nonprofit executive leadership.

## SERVE YOUR COMMUNITY IN A LEADERSHIP ROLE

The Independent Sector values the economic impact of one volunteer hour at \$28.54. Serving on a committee or board is a great chance to give back to the community, while making a real and lasting impact on an organization and the population they serve.

## SAVE TIME SEARCHING FOR THE RIGHT OPPORTUNITY

We work to connect your talents, interests and availability with the needs of local nonprofits. After graduation, you have the opportunity to seek out the best opportunity for you.

## NETWORK WITH COMMUNITY-MINDED INDIVIDUALS

It is no secret that volunteerism and community engagement are becoming increasingly important in the eyes of employers. The connections that you make through Propel Greenville can benefit you professionally and personally.

**THERE IS LOTS TO GIVE, AND LOTS TO GAIN!**
